

## Geometry Assignments – Q1 Week 4 and 5

Please print this assignment sheet out. Bring it to class with a parent signature on the due date.

Use the checklist to insure full credit for your work.

Section	Problems to complete	Due Date	Completed (students initials)	Corrections see directions (parents initials)	Problems to review in class	Verified (by tutor)
2.1	4-48 evens, 37	9/13				
2.2	4-54, evens	9/13				
2.3	2-38, evens	9/15				
2.4	4-56 evens	9/15				
2.5	4 – 28, evens 31-33, all 39-42 all	9/20				
2.6	3-28, all 32, 34, 36	9/20				

If your assignments are not checked **and** corrected by the due date, they are late assignments. Late work will be accepted at the next meeting date (unless you have an excused absence) and will receive 60% credit-- only if it is complete with corrections.

Did you remember to:

- Use pencil?
- Label assignment with name, date and section?
- Leave room between problems to make corrections?
- **SHOW WORK** for computational problems?
- Have your assignment checked?
- Make corrections in red before studying the solutions manual?
- Make any final corrections in black after checking the manual?
- List problems you still want to see worked in class?
- Get a parent signature on your checklist?
- Commend yourself for doing such a thorough job?

If not please try again.
